Boat Building Rules

1. The entire hull substructure and seating MUST be made of non-coated corrugated containerboard (normal box material). Any thickness is allowed.
2. Containerboard tubing is allowed. The tubing cannot be filled with anything.
3. The hull may NOT be wrapped in duct tape, plastic, shrink wrap or anything else.
4. ONLY seams and joints on the boat can be taped (not the entire boat).
5. Only one part glue can be used.
6. Absolutely no use of the following products under any circumstances:
 - Tar based substances
 - two part varnishes
 - fiberglass resin
 - spray foam or any other float aids
 - epoxy glue
 - other two part substances
 - Corrugated containerboard that is coated or corrugated containerboard that is bonded to any materials.
7. Materials other than containerboard can be used for decoration but if it is determined that the materials can or will help the boat float, the boat will be disqualified from competition.
8. Passenger areas cannot be enclosed for safety.
9. Boats CAN be painted using one part paints.
10. Containerboard Boat "STARTER" kits will be handed out at a specific date. Other containerboard can be used along with the containerboard kits as long as it meets the requirements of acceptable materials.
11. Only one boat kit per group.

Awards

(Awards will be handed out on Saturday after the final Race.)

Awarded to:

- Best Looking boat and runner up. (there will be only one category for this and all boats will be judged)
- Kayak and small vestals- 1st, 2nd and 3rd Fastest Race Time
- Large vestals- 1st, 2nd, 3rd, fastest Race Time
- Best Sinking

Boat Racing Rules

1. All passengers must be visible while in water. (All passengers must be able to easily escape in the case of a sinking...)
2. There will be 2 boat categories-
 - Small kayak style boats (no more than 2 occupants)
 - Larger boats with 2 or more occupants
3. All boat occupants must wear protective floatation devices.
4. All boats will be propelled by paddle only. Any paddles are acceptable materials. They can be powered any possible way (bike pedal, rowing etc.) As long as it is human powered by paddle
5. Children under the age of 15 must have an adult in the boat with them at all times.
6. This is a family fun activity. Absolutely NO drugs or alcohol allowed before or during the event.
7. Anyone caught breaking the rules will be immediately disqualified.
8. All entries will be subject to a complete inspection and approval at the time of registration.
9. There will be emergency boats in the water to help with rescue.

Boat Clean-Up Rules

1. All materials must be removed from the river as best as possible providing that safety comes first.
2. Materials MUST be disposed of in a proper recycle container (Provided by GP) or hauled home. Nothing will be left for others to clean up later.
3. Emergency boats will also be available to help remove boat materials from water.
